

Anderson Custom Rods

Feel the need to swing a sink-tip for Winter Steelhead? Planning a trip to the Dean? Maybe you just want to fill out the arsenal—ACR has one of the most extensive line-ups of 8 to 10-weight spey rods in the business!

ACR Heavy Steelhead/Salmon

- 1338-4-Explorer** 13'3" 8-weight four-piece.
This rod is sweet! If getting started in winter steelheading is your goal—this is your rod!
- 1338-4** 13'3" 8-weight four-piece.
A slightly faster version of the 1338 Explorer. This rod really shines with a 600 grain Skagit.
- 1368-4** 13'6" 8-weight four-piece.
This is Gary's favorite 8-weight.
Use a CND 8/9 floater or a Rio Skagit 550.
- 1398-4** 13'9" 8-weight four-piece.
This rod has a moderate action.
- 1449-5** 14'4" for a 9.
The Pacific Northwest standard.
- 15110-5** 15'1" 10-weight five-piece.
Long lines + long stroke = long cast.
